12th August 2013

To Whom It May Concern:

This letter is to confirm that Fingal Pest Control have been carrying out works for our company for a number of years now. Our business is management of apartment complex's and we not only have Fingal Pest Control of annual service contracts within most of these developments of which there are almost 40 but we also avail quite often of there 24 hr call emergency callout service of which the response time is second to none.

We find quite often in our business that we ultimately are only as good as the contractors that we have on the ground be that roofers, gardeners or pest control, in there standard of work, professionalism and general character in dealing with people face to face and in particular within the line of business of Fingal Pest Control there ability to put people at easy they excel thus giving us a good name.

We would have no hesitation what so ever in recommending Fingal Pest Control and will stand over any jobs that they carry out on any of our sites on our behalf.

Should you have any further queries please feel free to call me here in our office.

Yours Sincerely

Graham Martin
